

# GRAND CRU — BLEND

Grand Cru, our flagship wine, is a range of our best plots. Its elegant style reflects our pursuit of excellence.

It is a complex, powerful red blend with elegant, remarkably well-integrated oak. On the nose, it is perfumed with notes of ripe black fruit, chocolate, tobacco leaves and baking spices. The palate is equally intense with generous sweet plum and cinnamon notes. The firm and fine-grained tannins are in harmony with its bold body and fantastic depth of fruit, making a wine that can gracefully age in the next 10-15 years.

## VINTAGE HIGHLIGHTS

Despite Covid challenges and a climate of extreme drought, 2020 vintage led to outstanding quality grapes. As a result of the accumulated extremely dry conditions, rainfall decreased by 20% compared to the previous season, and river flows were 50% lower than average. The 2020 summer was warm and cooled off by the end of February, leading to a very early harvest. Beautifully concentrated wines with expressive aromatics and high vibrant acidity followed, predicting maybe one of the best vintages in recent history.
